

Performing in front of a group of audience is never easy. Things that come into account are: voice projection, clarity and pronunciation, eye contact, facial and emotional expression, etc. The 61st Hong Kong Schools Speech Festival has finally come to an end. With over 50 students taking part individually this year, we are glad that the results are impressive and promising as over 90 % of our participants gained the Certificate of Merit. We congratulate them on their success and look forward to more competitions that expose our students to experience more on stage.
