## Principal's Message

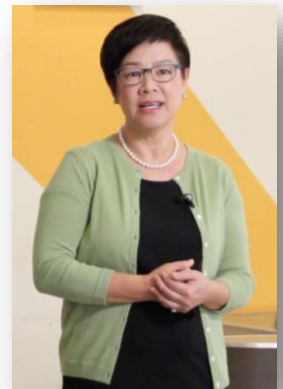

The late spring weather characterized by fluctuating temperature, unexpected showers and suffocating humidity had brought me fever, bad throat and chronic coughs for a few weeks. The discomfort slowed me down, not to mention the tedious visits to doctors and herbalists. There was nothing I could do but take medicine faithfully and wait for the symptoms to subside.

My gratitude goes to colleagues who covered me up on my sick leave and their endurance of my substandard condition after I resumed duty. A big thank-you goes to caring parents of HLC who recommended me recipes and food for recovery. I temporarily lost my health but the loving care will stay in my heart forever.

Look around you for your guarding angels!

Lee Pak Lan

Principal
