Principal's Message

Welcome back to HLC. I hope you all feel rejuvenated after enjoying a summer holiday with friends and family.

This year's core value is "perseverance": that is achieving success despite difficulties. Let me share a personal experience on perseverance. In August on a photography trip to Nagoya, Japan, we went into the mountains to take pictures of sunrises, waterfalls and fireworks, carrying heavy gear over difficult terrain. Worst still, sometimes we had to get up at 3 am for the first ray of sunlight. My goal had been to learn the necessary techniques for shooting such photographs. Although my results were less than professional, I did not give up and eventually took some pleasing pictures.

HLC is now beginning its 12th year. Its mission has always been to provide quality education to students. Though success is not easy, perseverance over the past years has enabled HLC to gain an admirable reputation with students being taught to be "their own stewards" and "build on their strengths". This year's slogan is "Reap and Keep". Past efforts have resulted in pleasing academic results and positive personal growth and now we are reaping the harvest of our efforts. We will preserve successful initiatives, whilst striving to improve and realise long-term goals. To achieve this, perseverance is paramount. Remember, "Genius is a gift of God and it is also a product of pain".

HLC Annual Concert

Every year in July, there is an event we like most. It is the singing contest. Students who like singing or who can sing well may join this event. Each year, there are many different amazing performances. The students perform really well on stage and the audience enjoy it too. In this event, our stars can learn how to co-operate with each other and be more confident in front of an audience. They can also improve their singing techniques by listening to performances of the others participants.
